## ENROLLMENT & CLASS RANK

2020-2021 Full-time Enrollment:  
**10**

*Oneness-Family High School does not report class rank*

## GRADING

Grades are reported on an unweighted 4.0 GPA scale

All classes use the following letter grade scale and corresponding GPA:

- 90%-100% = A (4.0)
- 80%-89.9% = B (3.0)
- 70%-79.9% = C (2.0)
- 60%-69.9% = D (1.0)
- 0%-59.9% = F (0)

CEEB Code: 210126

## MISSION & PHILOSOPHY

Founded in 2016, Oneness-Family High School empowers students to become leaders in an ever-changing world, helping them develop the skills and practical experience necessary to address complex, 21st century problems with their own unique talents and gifts.

## CURRICULUM

The OFHS curriculum is built upon the intrinsic logic of the Montessori method, utilizing a block schedule and a 4-year core academic cycle to guarantee that each student fully develops their understanding, appreciation, and expertise of a broad range of topics. Core classes are multi-age with differentiated coursework, giving our students the opportunity to grow at their own pace while diving into the material that interests them most. While OFHS de-emphasizes the undue stress and rote memorization of AP courses, each core class may be taken on an "honors" track if students wish to challenge themselves with higher-level coursework and a more rigorous workload.

Requirements for Graduation: In addition to core classes, one period of every academic year is devoted to electives, which are voted upon by the student body at the beginning of each year. Past classes include Anthropology of Religion, Edible Botany, African American Women's Literature, Psychology, Astronomy, Native Americans in Film and Literature, Ichthyology, Creative Writing, and more.

- English - 4 years
- Social Studies - 4 years
- Math - 4 years
- Natural Science - 4 years
- Foreign Language - 4 years
- Electives - 8 courses

## PROGRAMS

OFHS takes a holistic approach to education, understanding each student not just academically, but as a "whole person" whose social, emotional, and character development is a necessary part their life path. Our unique set of programs woven throughout the academic and extracurricular components of OFHS work to achieve these goals, helping students develop every aspect of their being in the diagram below.

From **Internship Week**, where students spend time working in and around their community, to our **Results Leadership** program that gives students the tools and experiences they need to address structural inequalities in those same communities, to our **Practical Life** activity series of real-world skills like basic tool use, job interviewing, and home gardening, OFHS students are constantly engaged with cultivating every aspect of their person.

## POST-SECONDARY PLACEMENT

*100% of OFHS graduates have gone on to pursue a post-secondary education*
